### EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Ms. Amjad on May 13, 2004.

The application has been amended as follows:

Claim 22, line 2, change "which allows contact between" to -- including--.

Claim 22, line 2, delete "comprised of two monoclonal antibodies and a feline blood sample, said mixture."

The amendment above is to clarify the claim language to place the application in condition for allowance. The kit claim 22 has been amended to positively include the first monoclonal antibody and a second monoclonal antibody in the substrate.

2. The following is an examiner's statement of reasons for allowance: no prior art suggests or teaches determining feline blood type by using two distinct monoclonal antibodies at the same time where each antibody recognizes at least one group of feline blood specific glycolipid A antigen.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
